ABOUT US

FearIsNotLove serves anyone experiencing domestic violence and abuse.

Regardless of who a person is, how they identify, or where they come from or who they love—we are here to help. We serve anyone who is being abused, anyone concerned that they have hurt a loved one and want to change, or someone looking to support those impacted by domestic violence and abuse.

You may have originally known us as the Calgary Women's Emergency Shelter. **We're still us**, but have evolved from our beginnings to start this new chapter.

In this evolution, we will change the conversation around domestic violence and abuse, and spark a social movement in the city. We aim to educate and inspire individuals to start new dialogue, and to break down barriers and dismantle the stigma attached to neglect, violence and abuse.

FearIsNotLove more closely represents the important work and true impact of our agency, which helps more people identify domestic violence and abuse, and recognize they can find support here and reach out for help.

Our goal is to help people to have violence-free lives, to live without fear, and get to the ultimate outcome—love.

Every human has the right to feel safe, respected, supported and loved.

CEO & PRESIDENT'S MESSAGE

Kim Ruse
CEO

Shelly Norris
President

This past year we continued to amplify our new brand that was launched in 2022. This evolution helps serve even more people impacted by domestic violence and abuse. FearIsNotLove is a far-reaching brand that people can see themselves in, inviting them to access support at an earlier point on their help-seeking journey.

In the first year of our new brand, we have seen a positive response in the community and in the impact made. As FearIsNotLove, more people recognize that they can find help here, and it more closely reflects who we are and our impact in the community. It highlights our ongoing commitment to innovation and excellence in service delivery, and signifies our focus on inclusivity and support for anyone impacted by domestic violence and abuse.

In addition to offering our programs and services, we are also focused on raising awareness and changing the conversation in tangible ways. We aim to spark a social movement in the city to educate and inspire individuals to start new dialogue, and to breakdown barriers and tackle the unfair attitudes, stigma and shame that have been attached to domestic violence and abuse for too long.

As the community continues to face economic challenges, it has placed a strain on both our agency and those we serve. With increased affordability constraints, victims are facing more challenges and barriers to access support, and are in more dangerous and high-risk situations. With increased demand for our services and in the complexity of our work, we continue to adapt and navigate the ways in which we support those in need of our services.

This year, we unveiled our new strategic plan, laying the groundwork for ambitious and new opportunities to make a difference in the community. It outlines a new vision, mission, and fundamental priorities and strategic commitments, while we remain guided by values of respect, courage, collaboration, and learning. These principles will help us navigate the challenges and opportunities that lie ahead.

We cannot do this work alone. We are grateful for the unwavering support and dedication of our donors, partners, staff, volunteers and community. Your contributions enable us to make a difference in the lives of the many individuals and families we serve each year. We are truly grateful for your continued generosity and commitment.

Looking ahead, we remain committed to service excellence and continuous improvement. We are dedicated to enhancing our programs and services to better meet the evolving needs of our community, and to engage and work collaboratively to change the conversation about domestic violence and abuse.

In the spirit of truth and reconciliation, we recognize the importance of acknowledging the past and nurturing safety, healing and repair within our community. FearIsNotLove is committed to working with Indigenous peoples to build relationships based on mutual understanding and respect. We are dedicated to listening, learning and adapting approaches to advance reconciliation, and to move forward in a positive and impactful way. As we commemorate 50 years of service in this next year, we will honour our legacy and renew our commitment to creating freedom from domestic violence and abuse for everyone.

COMMUNITY INITIATIVES & HIGHLIGHTS

The Family Healing Program

By FearIsNotLove and Tsuut'ina Stoney Corrections Society

Men and Women's Family Healing Program

In respect to the unique experience of our Indigenous population, we created this program with their cultural practices and history in mind. Launched in 2023, this program aligns with the Cochrane Provincial Courts mandate.

Family Healing is a 12-week program that takes a cultural approach to helping its participants take responsibility for their actions and acknowledge the harm they have caused. This program places a focus on the impacts of generational trauma and the effects of residential schools. The program offers resources and activities such as sweat lodge ceremonies, smudges, access to guidance from Elders, and more.

Family Healing brings an awareness to the damage domestic violence brings to both the individual and the family, and the community as a whole.

ShelterLink

Powered by FearIsNotLove and YW Calgary, ShelterLink is an innovative web-based application for fostering an integrated System of Care. First launched in March 2023, ShelterLink provides a cohesive ecosystem of support resources for women and families escaping domestic violence, ensuring those in need find community-based services. It provides timely and appropriate support, whether through Shelter accommodations or community resources, leaving no one without essential assistance.

The ShelterLink platform currently hosts twelve women's emergency, transitional, and second stage shelters, in Calgary and its surrounding areas. These shelters collaboratively share bed availability information and support services to assist those in need. Real time data is made available to partners, the Calgary Police Service and eventually other emergency services.

ShelterLink empowers providers to access capacity data across the city and provide seamless service for women and children at times of crisis.

Integrated Intake Line & Referrals

To enhance ShelterLink, FearIsNotLove and YW Calgary launched an Integrated Intake & Referral Process in July 2023.

Both the YW Crisis Line and the FearIsNotLove Connect Domestic Violence & Abuse Helpline are now accessible through one centralized team located at FearIsNotLove. The staff at the Helpline provide warm transfers to shelter beds and outreach services in both agencies, when required.

With this collaborative approach, an individual seeking support is alleviated of the responsibility of calling multiple agencies to seek support, ensuring a timely and streamlined response.

Turning Points Fundraising Gala— It's Time to CHANGE THE CONVERSATION

Our Turning Points Gala took place on April 20, 2023. Hosted by Dave Kelly, distinguished guests, community leaders and supporters joined together to help change the conversation about domestic violence and abuse, while raising awareness and funds for our agency. The Gala featured live and silent auctions; an inspiring docuplay produced by Kelly Brothers Productions and moving performances by vocal ensemble Remix: Powered by Revv52. The event was a great success, raising more than \$595,000 in support of individuals and families in our community striving to live without fear, and free of domestic violence and abuse. Huge thanks to our generous sponsors, donors, supporters, partners, volunteers and committee members.

VOLUNTEER PROGRAM

Volunteers are an integral part of our agency. We are grateful for their hard work, compassion and commitment. We would not be able to accomplish all the work we do each year without their support. **Thank you!**

130

volunteers shared their gift of time and supported our agency.

4,505

volunteer hours of service were contributed last year.

A photograph of a woman and a young girl in a park, both blowing on dandelions. The scene is set during sunset, with the sun low on the horizon, creating a warm, golden glow. The woman, wearing sunglasses and a yellow sweater, is kneeling on the grass. The girl, wearing a grey jacket and pink pants, stands next to her. Dandelion seeds are captured in mid-air, creating a soft, hazy atmosphere. The background shows trees and a building in the distance.

COMMUNITY EVENTS

Independent special events, or third-party fundraisers, big or small, are a very important component of our fundraising activities. Every event held in support of our agency gets us one step closer to achieving our mission. Thank you to the many organizations, individuals and groups who organized fundraising events on our behalf in the past year in support of individuals and families in need.

TREASURER'S REPORT

Demand for our services continues to increase with revenue increasing 6% year-over-year and expenses increasing 7% year-over-year, which resulted in a second consecutive deficit. Some of this is a result of one-time expenses relating to rebranding or responses to community need, but also continued inflation. Given our previous surpluses we are still well positioned to serve the community, but these deficits cannot continue in perpetuity.

The organization is focused on engaging our donors and finding sustainable sources of funding to meet the ever growing and changing needs of our community. We appreciate the ongoing support of the community, our donors, and all stakeholders as we continue to work towards a community free from fear, neglect, violence and abuse.

In the spirit of reconciliation, we honour and acknowledge Treaty 7 lands, which are the traditional territory of the Blackfoot Confederacy consisting of the Siksika Nation, the Kainai Nation, and Piikani Nation, also included are the Tsuut'ina Nation and Stoney Nakoda Nation, and an important trading centre for the Métis of Region 3 of the Métis Nation of Alberta.
